

# HOW TO EARN FROM TRAVEL

# HELLO!

I'm Michela Risso,

Do you love planning holidays? Imagine traveling more, ticking off those bucket-list destinations, and making your holiday budget go further so you can share the wonders of the world with your family while creating treasured memories along the way.

Now, what if you could turn that passion into an opportunity to earn extra income - simply by doing something you already enjoy? Booking holidays, cruises, staycations, and even days out for yourself and others could be more than just fun; it could be rewarding too. Let me show you how...

## HOW IT WORKS AT A GLANCE

- ◆ **Total flexibility:** No targets, contracts, or minimums. Use your travel business how it suits you - whether for personal travel, trips for family & friends, or a client network.
- ◆ **Support & training**  
Access unparalleled travel and business training and technology on demand and benefit from the knowledge & support of a community of travel lovers.
- ◆ **Industry benefits**  
Gain access to exclusive industry benefits, giving you the edge with insights, tools, and opportunities that elevate your travel lifestyle and business.

# BE YOUR OWN AGENT TRAVEL SMARTER

**By becoming your own Independent Travel Agent you can earn from booking travel - and it's simpler to do than you might expect!**

You **don't need any experience** - just a love of travel! Thorough training is provided that you can do online at your own pace.

There are **no contracts or requirements** - you can book as much or as little travel as you like and there are **so many amazing benefits** including **earning** on all things travel and **travelling as an industry insider**.

If you're looking for a flexible business opportunity, with a very **low start-up cost**, **uncapped earning potential** and **unparalleled support** - you've found it! Perfect if you want time or location flexibility, and to earn on your own terms.

# HOW DOES THIS WORK?

By joining, you will become an **ABTA and ATOL-protected independent home-based travel agent**. This means that you will have access to your own travel agent system and access to almost 100 industry suppliers to make bookings, from which **you receive the inbuilt commission**.

What most of us don't realise, is that every time we book a holiday there is already a commission of up to 18% built into the price we see! **Joining this business enables you - as the agent - to receive this commission**, instead of a booking engine or holiday company - so you're essentially earning money from booking your holidays. You can also benefit from some amazing **preferential industry rates** for your personal travel.

You can choose to **book travel for others too**, earning the commission on trips you plan and book for friends and family, or a wider client base if you wish - it's an **amazing uncapped income opportunity** if you're looking for a **flexible solution** that fits around your life.

# WHAT CAN YOU BOOK?

Absolutely **everything travel-related** for every budget! Package holidays and hotels, villas, UK staycations, worldwide tours, flights, cruises, private yachts, safaris, ski trips, weddings and honeymoons, retreats, car hire, airport parking, transfers, insurance, excursions and activities, days out, theatre trips, tickets to concerts and sporting events and so much more - **at B2B industry rates.**

## WHO CAN YOU BOOK WITH?

Recognised worldwide, you'll be able to work with the **best suppliers in the industry!** Aside from being able to book with any hotel or travel provider globally with your IATA / CLIA number, you'll have insider access to **100 preferred suppliers.**

These include many **household names** such as Club Med, Disney, Royal Caribbean, Hosesons, Cunard, Solmar Villas, Mr & Mrs Smith, Santa's Lapland, Cox & Kings, Holiday Extras, Jet2 Holidays, Abercrombie & Kent, Inghams, Olympic Holidays, Virgin Voyages, Etihad Holidays and many others that you and your friends and family may already be using, plus other B2B suppliers, accessible only to travel professionals.

# CREDENTIALS

You will become a proud **member of ABTA**. You will also benefit from the **protection of ATOL**, enabling you to confidently book travel with the best suppliers and companies within the industry.

# SHARING WITH OTHERS

If you're someone with an **entrepreneurial mindset** who enjoys helping others, there's an optional opportunity to earn additional income through the marketing of this business. Separate from the travel services, this **optional opportunity enables you to generate passive, effort-based income** that can even be passed down to your loved ones.

By recommending this way of booking travel to others, you can **receive referral rewards** - similar to programs like American Express or Hello Fresh - as well as **ongoing monthly commissions and bonuses**, simply by sharing the business with others who love travel.

If creating a **residual income stream that grows with your efforts** sounds appealing, I'd be delighted to share more details. I've personally found this aspect of the business incredibly rewarding, and I love **helping others succeed**. Feel free to reach out for more info if you'd like to explore this further.

# HOW THE MARKETING BUSINESS WORKS

The host travel company doesn't have an in-house marketing department, they would rather spend their marketing budget rewarding the existing travel business owners for sharing the opportunity.

- ◆ **Direct Sale:** Recommend your friends, family and your network if you think they could benefit from earning and saving on travel too and you would earn a referral fee the following week.
- ◆ **50% Check Match:** If you introduce someone to the business who shares it with their friends, family and network – you would receive 50% of their referral fee paid the following week. Without you these new people would not have known about the business.
- ◆ **Team Bonuses:** Once you have introduced 9 people you will also earn an additional team bonus on your direct referrals plus those they introduce.
- ◆ **10% Travel Override:** Once you have introduced 9 people you will receive 10% of all the travel commissions they earn booking for themselves and others. As a thank you, as without you they would not be booking any travel.
- ◆ **Residual Passive Income:** You will be paid a residual income every month someone you introduce or people they introduce remain in the business. You do the work once, and you get paid over again every single month- the dream!
- ◆ **Director Bonus:** When you reach directorship you will receive a monthly bonus on the 1<sup>st</sup> of every month. This is will-able to whomever you choose. Your family will continue to receive your income long after you are gone, how incredible is that!

If you use both sides of the business – booking travel for people who want the service of a travel agent and introducing those who love booking travel, you would be paid multiple times a month.

# WHAT DOES IT COST?

To get started, there's a **one-time joining fee of £156, followed by a rolling monthly subscription of £46** - your first month is included in your one-time joining fee.

This **includes everything you need to operate as an Independent Travel Agent** in the UK: IATA number and ABTA + ATOL, access to a powerful travel booking portal and back-office admin support, pre-negotiated supplier contracts and preferential agent rates, plus comprehensive training and ongoing support.

This gives you the freedom to book and sell travel, **earning built-in commissions and enjoy the benefits of being an industry insider.**

Whether you want to make travel a full-time business or just a side venture, you're in complete control - **there are no contracts, no minimum requirements, and you can cancel anytime.**

For just £1.50 a day, you can run your own flexible travel business with uncapped earning potential!

# OUR TRAVEL TEAM

If you decide this is something you'd love to do, **it will be your own business**, but you'll have support on tap! You'll be joining a community of like-minded travel-loving individuals (aged from 18 to 80!) who are all **supporting one another to get the most out of this amazing travel opportunity** - sharing tips, advice, and knowledge along the way when you need it - whether you just want to travel more, start a side-hustle, or build a travel business empire - you're in the very best company for success!

We have a huge variety of people; part-time and full-time employees, professionals, entrepreneurs stay-at-home-parents, students, retirees and digital nomads, who use this subscription in different ways:

- to book their own travel in a smarter way
- to create an additional income stream, either full-time or part-time alongside what they already do - by booking for others and/or sharing the opportunity
- to build an independent travel business
- to create a life-changing residual passive income

# SUCCESS STORIES

Nearly two years ago, I joined the travel crew - and honestly, it's been one of the best decisions I've made!

As a busy mum of twins and a full-time teacher, I didn't jump in looking for a new career - I just wanted a way to travel smarter, save money, and help friends and family do the same.

What I didn't expect was how much I'd love it. Using the system with agent discounts, or sometimes contacting hotels directly, I've saved hundreds of pounds on our own trips. Even better? When I book for friends and family, not only do I get to arrange lovely extras like upgrades, chocolates, and welcome cocktails, but I also earn a commission at the same time. It's such a rewarding feeling - helping people have amazing trips and getting paid for it! One of my favourite moments so far was planning my husband's 50th birthday party at a gorgeous hotel - extra rooms, dinner, celebrations for the whole family - and saving a fortune doing it myself. I love having the tools, the freedom, and the knowledge to make things like this happen.

"I've always loved finding the perfect holiday deals for my family, so turning that passion into a business felt natural. What I didn't expect was how much it would change my life. Thanks to the flexibility and income it's given me, I now have the freedom to stay home with my little ones after maternity leave - something I never thought would be possible. I'm so proud of what I've built, and even more grateful for the time it's given us together."

# SUCCESS STORIES

“This business has enabled me to earn extra money around my accounts job and family. It’s meant that we have been able to travel far more than ever before and to places that I really didn’t think we’d be able to visit. I also love being a part of the most supportive and fun community who want to help each other succeed. One of my favourite things about it is that I get to show others how they can do this too, and I have helped over 70 families so far! I have been doing it for 2 and a half years and it has changed my life! The fact it works around school holidays and work is the icing on the cake.”

*Alex x*

"I joined mainly to share the opportunity with friends and family, and I've been amazed at how quickly the commissions add up! It's such an easy, natural thing to talk about - everyone loves a good holiday. I love that I can earn extra income without the pressure of running a full-time business."

*Katie x*

"I wanted something flexible that could fit around my full-time job as a nurse and this has been perfect. I've been able to start small, earn commissions from friends' bookings, and now I'm starting to build a real business. The best part is, there's no pressure and I can work my business to fit around my shifts. I've loved the support from everyone too, it makes it so much easier to book travel with all the amazing recommendations."

## MY STORY

I love travelling! Always have! I did different things in my life: I worked in low paid jobs and for the corporate world, I started a few businesses (some were successful, some weren't!), I achieved financial freedom. Now it's time to help others do the same, and through a more purposeful and safe path than mine!
